

Amendments to the Specification:

Please delete pages 69-122 of the original specification.

Please replace the paragraph beginning at page 68, line 18, with the following rewritten paragraph:

--The remainder of the specification as originally filed appears in PCT WO 97/40342, published on October 30, 1997, at pages 69-122, and is hereby incorporated herein by reference. The material contained in these pages may facilitate further understanding of the disclosure, but should not contain material essential to the specification that is not otherwise contained herein.

~~The following documents form an integral part of this specification:~~

~~Modular Decomposition~~

~~Summary of Proposed CGP Specification~~

~~Cyrax Software Specification~~

~~Product Overview~~

~~Collection of View Slides~~

~~Introduction and Overview--~~
